

VITA

VITAPAN EXCELL®

Natural functionality,
lifelike beauty.

The natural physicality
of VITAPAN EXCELL:
That's power, that's energy!"

**Dental technician Karl-Heinz Körholz
Königswinter, Germany**

Brilliant. Lifelike. Excellent.

Brilliant interplay of shade and light.
Variety of natural tooth shapes.
Excellent abrasion durability.*

*University of Regensburg, Germany, Prof. Dr. M. Rosentritt, Test Report No. 280_2, Report 11/15

Denture tooth line

VITAPAN EXCELL[®]

The **VITAPAN EXCELL[®]** denture tooth
– natural functionality, lifelike beauty.

The anterior denture tooth VITAPAN EXCELL is well suited for highly esthetic full and partial dentures, as well as implant-borne prostheses and can be universally used with VITAPAN LINGOFORM posterior for all common occlusal denture concepts.

A new smile, a new level of self-confidence and a new radiance. Is there a better feeling than being able to give someone exactly what they are looking for? Modern dentures need to provide comfort, function and esthetics, and that's exactly what VITAPAN EXCELL teeth deliver."

Denturist Tanya Little
Envision Denture and Implant Centre, Surrey, Canada
