### 1. Identification

# Product identifier

VITA VIONIC VIGO

# Relevant identified uses of the substance or mixture and uses advised against

# Use of the substance/mixture

Auxilary for manufacture of dental products

# Uses advised against

No data available

### Details of the supplier of the safety data sheet

Company name:	VITA Zahnfabrik H.Rauter GmbH & Co.KG	
Street:	Spitalgasse 3	
Place:	D-79713 Bad Säckingen	
Post-office box:	1338	
	D-79704 Bad Säckingen	
Telephone:	+49(0)7761-562-0	Telefax: +49
E-mail:	info@vita-zahnfabrik.com	
Contact person:	regulatory affairs	
E-mail:	info@vita-zahnfabrik.com	
Internet:	www.vita-zahnfabrik.com	
Responsible Department:	Regulatory Affairs	

Telefax: +49(0)7761-562-299

# 2. Hazard identification

# **Classification of the substance or mixture**

### Regulation (EC) No 1272/2008

This substance is not classified as hazardous in accordance with Regulation (EC) No 1272/2008.

The substance is classified as not hazardous according to regulation (EC) No 1272/2008 [CLP].

# Label elements

### Additional advice on labelling

medical device

# Other hazards

No information available.

# 3. Composition/information on ingredients

### Substances

# Chemical characterization

Plastic articles

### Hazardous components

none (according to Regulation (EC) No 1907/2006 (REACH))

# 4. First-aid measures

### **Description of first aid measures**

# After inhalation

No data available

Revision date: 15.08.2023

Product code: 3082

Page 2 of 5

#### After contact with skin No data available

#### After contact with eyes

Rinse immediately carefully and thoroughly with eye-bath or water.

# After ingestion

No data available

# Most important symptoms and effects, whether acute or delayed

No information available.

# Indication of immediate medical attention and special treatment needed

Treat symptomatically.

# 5. Fire-fighting measures

### Extinguishing media

### Suitable extinguishing media

Co-ordinate fire-fighting measures to the fire surroundings.

# Specific hazards arising from the hazardous product

Non-flammable.

### Special protective equipment and precautions for fire-fighters

In case of fire: Wear self-contained breathing apparatus.

### Additional information

Collect contaminated fire extinguishing water separately. Do not allow entering drains or surface water.

### 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

#### General advice

No special measures are necessary.

### **Environmental precautions**

Do not allow to enter into surface water or drains.

# Methods and material for containment and cleaning up

### Other information

Take up mechanically. Treat the recovered material as prescribed in the section on waste disposal.

### Reference to other sections

Safe handling: see section 7 Personal protection equipment: see section 8 Disposal: see section 13

### 7. Handling and storage

### Precautions for safe handling

### Advice on safe handling

No special measures are necessary.

# Advice on protection against fire and explosion

No special measures are necessary.

# Advice on general occupational hygiene

No special measures are necessary.

### Further information on handling

No special measures are necessary.

Revision date: 15.08.2023

Product code: 3082

Page 3 of 5

# Conditions for safe storage, including any incompatibilities

Requirements for storage rooms and vessels

No special measures are necessary.

# Hints on joint storage

No special measures are necessary.

### Specific end use(s)

Auxilary for manufacture of dental products

### 8. Exposure controls/Personal protection

# **Control parameters**

### Exposure controls

### Appropriate engineering controls

No special measures are necessary.

### Individual protection measures, such as personal protective equipment

#### Eye/face protection

No special measures are necessary.

### Hand protection

When handling with chemical substances, protective gloves must be worn with the CE-label including the four control digits. The quality of the protective gloves resistant to chemicals must be chosen as a function of the specific working place concentration and quantity of hazardous substances. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

#### Skin protection

No special measures are necessary.

### **Respiratory protection**

No special measures are necessary.

### 9. Physical and chemical properties

### Information on basic physical and chemical properties

Physical state: Colour: Water solubility: Vapour pressure:	solid	No <=1100 hPa	
(at 50 °C) Other information			
Information with regard to p Oxidizing properties Not oxidising.	physical hazard classes		
Other safety characteristics Solid content:	5	0,0%	
10. Stability and reactivity			

### **Reactivity**

No hazardous reaction when handled and stored according to provisions.

# **Chemical stability**

The product is stable under storage at normal ambient temperatures.

Revision date: 15.08.2023

Product code: 3082

Page 4 of 5

### Possibility of hazardous reactions

No known hazardous reactions.

# Conditions to avoid

none

# Incompatible materials

No information available.

# Hazardous decomposition products

No known hazardous decomposition products.

# 11. Toxicological information

# Information on toxicological effects

12. Ecological information

#### **Ecotoxicity**

The product is not: Ecotoxic

# Persistence and degradability

The product has not been tested.

# **Bioaccumulative potential**

The product has not been tested.

### Mobility in soil

The product has not been tested.

### Results of PBT and vPvB assessment

This substance does not meet the PBT/vPvB criteria of REACH, annex XIII.

The product has not been tested.

# Endocrine disrupting properties

This substance does not have endocrine disrupting properties with respect to non-target organisms.

#### Other adverse effects

No information available.

### Further information

Do not allow to enter into surface water or drains. Do not allow to enter into soil/subsoil.

### 13. Disposal considerations

### Waste treatment methods

# **Disposal recommendations**

Dispose of waste according to applicable legislation.

### Contaminated packaging

Handle contaminated packages in the same way as the substance itself.

# 14. Transport information

### Land transport (ADR/RID)

<u>UN number or ID number:</u>	No dangerous good in sense of these transport regulations.
United Nations proper shipping	No dangerous good in sense of these transport regulations.
<u>name:</u>	
<u>Transport hazard class(es):</u>	No dangerous good in sense of these transport regulations.
Packing group:	No dangerous good in sense of these transport regulations.
Special precautions for user	

Revision date: 15.08.2023

Product code: 3082

Page 5 of 5

# No information available.

#### Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

not applicable

# 15. Regulatory information

# Safety, health and environmental regulations/legislation specific for the substance or mixture

### National regulatory information

Water hazard class (D):

- - non-hazardous to water

#### Chemical Safety Assessment

For this substance a chemical safety assessment has not been carried out.

### 16. Other information

#### Changes

This data sheet contains changes from the previous version in section(s): 1.

### Key literature references and sources for data

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information on present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product or products or in the case of processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.
