VITA VACUMAT® 6000 M. For the perfect cost-effective, customized and modular working environment.

VITA MultiPump  
VITA vPad 2015

NEW

VITA shade, VITA made.

**VITA**

Working in an economic and efficient manner always requires technical solutions that reliably support you at the highest level. With VITA VACUMAT 6000 M, you can benefit from a ceramic furnace that provides maximum assistance in achieving these goals thanks to in-depth research and development by VITA. With the new VITA MultiPump, you can connect up to four furnaces at the same time, using just one vacuum pump.

Take advantage of new software features for intelligent furnace operation to ensure even better firing results. Complete your work in energy-efficient fashion. Optimize your procedures with durable VITA technology and materials that you can rely on. Choose a genuine premium ceramic furnace – choose VITA VACUMAT 6000 M.
