

# VITABLOCS® TriLuxe forte

Fine-structure feldspar ceramic blocks with four layers of different shade intensity

VITA shade determination

VITA shade communication

VITA shade reproduction

VITA shade control

Date of issue: 09.18

VITA – perfect match.

**VITA**

## Product description

VITABLOCS TriLuxe forte represents the next generation of VITABLOCS products and provides four layers of different shade intensity. VITABLOCS TriLuxe forte is based on VITABLOCS Mark II, which has proven its clinical reliability time and time again for more than 25 years. The shade

transition from the enamel to the neck layer is finely nuanced, while the chroma in the lower dentin and neck area is strongly accentuated. Combined with the increased fluorescence in the neck area, this ensures a natural shade effect, even in the case of thin layers.

## VITABLOCS® TriLux forte

### Indication

Veneers, partial and full crowns in the anterior area.

### Shades

Available in three VITA SYSTEM 3D-MASTER shades: 1M2C, 2M2C and 3M2C and in four VITA classical A1–D4 shades: A1C, A2C, A3C and A3.5C.

### Benefits

Optimal esthetics:

Finely nuanced shade transition from the neck to the incisal edge.

Cost-effectiveness:

Efficient and esthetic restorations, thanks to the integrated color gradient. In this case, characterization or individualization is not generally required.

### VITABLOCS® TriLux forte for CEREC®/inLab® products

VITA SYSTEM 3D-MASTER® shades

Shade	Designation	size	Contents	Prod. no.

### System compatibility

#### VITABLOCS TriLux forte – SYSTEM SOLUTIONS\*

VITA offers VITABLOCS with specific holder systems for the CAD/CAM systems:

- CEREC/inLab (Dentsply Sirona)
- Ceramill mikro 4 / Ceramill Motion 2 (Amann Girrbach AG)
- KaVo ARCTICA/Everest (KaVo Dental GmbH)
- MyCrown Mill (FONA Dental s.r.o.)
- Planmill 40 (D4D Technologies LLC.)

#### VITABLOCS TriLux forte – UNIVERSAL SOLUTIONS\*

VITA offers VITABLOCS with universal holder system for the CAD/CAM system:

- CORiTEC line (imes-icore GmbH)
- CS 3000 (Carestream Inc.)
- N4/R5/S1/S2/Z4 (vhf camfacture AG)
- DGSHAPE DWX-4W (DGSHAPE Cooperation)
- Zfx Inhouse5x (Zfx GmbH)
- Organical Desktop line (R+K CAD/CAM Technologie GmbH & Co. KG)

\*) Note: The range of VITA CAD/CAM material versions/geometries/shades available may vary for individual CAD/CAM system partners or systems.
